Ojibwa

Here is a great opportunity for someone who would like to get into sailing or maybe you have outgrown your small daysailer and are considering to take that next step up in size. This "fresh water only" Catalina 27 is one of the most popular sailboats made because they sail so well and are so easy to handle whether you are a beginner or a seasoned sailor.

The Ojibwa has been well taken care of and will give you a great time on the water.

A survey conducted in April, 2010 is available.
